AMENDED

DECLARATION IN SUPPORT OF
OPPOSITION TO REORGANIZED
DEBTORS' ONE HUNDRED TWENTIETH
OMNIBUS OBJECTION TO CLAIMS – BY
JACKSON RANCHERIA DEVELOPMENT
CORP (CLAIM NO. 3002)

Date: May 24, 2023

Time: 10:00 a.m.

Location: (Video/Teleconference Only)

U.S. Bankruptcy Court

Courtroom 17, 16th floor

San Francisco, CA 94102

Judge: Honorable Dennis Montali

21 I, Crystal Jack, declare as follows:

22 1. I am the Chief Executive Officer for JACKSON RANCHERIA
23 DEVELOPMENT CORP, (hereinafter referred to as "Jackson") the creditor in the above-
24 captioned matter, which filed Claim No. 3002 on or about May 15, 2019. Based on the review of
25 records, I have personal knowledge of the matter set forth herein, and if called upon to do so,
26 could and would competently, truthfully, and accurately testify hereto.
27
28

1 2. A true and correct copy of Jackson's claim, with the supporting evidence and
2 documents is attached hereto as "Exhibit A."

3 3. Jackson owns real property in Jackson, California in the vicinity of New York
4 Ranch Road.

5 4. On June 24, 2017, a wildfire was reported at approximately 2:30 PM, alongside
6 New York Ranch Road, along a PG&E box/power pole. The fire began burning Jackson's
7 property consisting of uphill grasslands, fences, and a barn, which ultimately was deemed a
8 complete loss needing full replacement.

9 5. Jackson's claim, therefore, arises out of fire damage caused by an electrical
10 malfunction of PG&E's power pole and grade transformer which caused a fire to erupt damaging
11 Jackson's property. The fire perimeter was approximately five acres and burned a barn causing
12 it to collapse, damaging its contents and other surrounding property, including an adjacent fence,
13 graze land, and cattle. The estimated cost to repair the barn is approximately **\$142,988**. The cost
14 to repair and/or replace the fence, the cattle, the grazing land, and clean-up costs is **\$17,525**.
15 Jackson's total claim is **\$160,513**.

16 6. Jackson Fire Department was dispatched to contain the fire, and issued a full
17 automatic aid wildland response, including air and ground units from California Department of
18 Forestry and Fire Protection ("Cal Fire"), Amador Fire Protection District, and the City of Ione
19 Fire Department.

20 7. Cal Fire determined the ignition source of the fire to be faulty equipment and
21 equipment malfunction, tracing burn indicators back to a PG&E power pole with a below grade
22 transformer at its base. Cal Fire ruled out any other indication of the source of the fire, and
23 ultimately unequivocally determined PG&E's faulty equipment to be the source of the fire and
24 resulting damage.

25 8. For the foregoing reasons, and based on the legal authority set forth in the
26 opposition filed here with, the Bankruptcy Court should not sustain the Omnibus Objection as it
27 relates to Claim No. 3002.
28

1 Executed under penalty of perjury under the laws of the State of California, this 19th day
2 of May, 2023, at Jackson, California.

Understand the terms used in this form

Administrative expense: Generally, an expense that arises after a bankruptcy case is filed in connection with operating, liquidating, or distributing the bankruptcy estate.
11 U.S.C. § 503.

Claim: A creditor's right to receive payment for a debt that the debtor owed on the date the debtor filed for bankruptcy.
11 U.S.C. § 101 (5). A claim may be secured or unsecured.

Creditor: A person, corporation, or other entity to whom a debtor owes a debt that was incurred on or before the date the debtor filed for bankruptcy. 11 U.S.C. §101 (10).

Debtor: A person, corporation, or other entity who is in bankruptcy. Use the debtor's name and case number as shown in the bankruptcy notice you received. 11 U.S.C. § 101 (13).

Evidence of perfection: Evidence of perfection of a security interest may include documents showing that a security interest has been filed or recorded, such as a mortgage, lien, certificate of title, or financing statement.

Information that is entitled to privacy: A *Proof of Claim* form and any attached documents must show only the last 4 digits of any social security number, an individual's tax identification number, or a financial account number, only the initials of a minor's name, and only the year of any person's date of birth. If a claim is based on delivering health care goods or services, limit the disclosure of the goods or services to avoid embarrassment or disclosure of confidential health care information. You may later be required to give more information if the trustee or someone else in interest objects to the claim.

Priority claim: A claim within a category of unsecured claims that is entitled to priority under 11 U.S.C. §507(a). These claims are paid from the available money or property in a bankruptcy case before other unsecured claims are paid. Common priority unsecured claims include alimony, child support, taxes, and certain unpaid wages.

Proof of claim: A form that shows the amount of debt the debtor owed to a creditor on the date of the bankruptcy filing. The form must be filed in the district where the case is pending.

Redaction of information: Masking, editing out, or deleting certain information to protect privacy. Filers must redact or leave out information entitled to **privacy** on the *Proof of Claim* form and any attached documents.

Secured claim under 11 U.S.C. §506(a): A claim backed by a lien on particular property of the debtor. A claim is secured to the extent that a creditor has the right to be paid from the property before other creditors are paid. The amount of a secured claim usually cannot be more than the value of the particular property on which the creditor has a lien. Any amount owed to a creditor that is more than the value of the property normally may be an unsecured claim. But exceptions exist; for example, see 11 U.S.C. § 1322(b) and the final sentence of 1325(a).

Examples of liens on property include a mortgage on real estate or a security interest in a car. A lien may be voluntarily granted by a debtor or may be obtained through a court proceeding. In some states, a court judgment may be a lien.

Setoff: Occurs when a creditor pays itself with money belonging to the debtor that it is holding, or by canceling a debt it owes to the debtor.

Unsecured claim: A claim that does not meet the requirements of a secured claim. A claim may be unsecured in part to the extent that the amount of the claim is more than the value of the property on which a creditor has a lien.

Offers to purchase a claim

Certain entities purchase claims for an amount that is less than the face value of the claims. These entities may contact creditors offering to purchase their claims. Some written communications from these entities may easily be confused with official court documentation or communications from the debtor. These entities do not represent the bankruptcy court, the bankruptcy trustee, or the debtor. A creditor has no obligation to sell its claim. However, if a creditor decides to sell its claim, any transfer of that claim is subject to Bankruptcy Rule 3001(e), any provisions of the Bankruptcy Code (11 U.S.C. § 101 et seq.) that apply, and any orders of the bankruptcy court that apply.

CLAIMS PROCESS

We understand you have sustained a loss and you believe PG&E may be responsible. If we prove to be responsible, we want to promptly and fairly compensate you. To evaluate your claim, we must determine how the incident happened, whether or not we caused it, and compensate you fairly under the law. Below are some frequently asked questions about submitting a claim to Pacific Gas and Electric Company.

WHAT IS THE CLAIMS POLICY AND PROCESS? It is PG&E's policy to respond to claims promptly and fairly. We evaluate each claim based on the information you provide and our investigation. The time to investigate your claim will depend on the information you provide and the complexity of the incident. Our goal is to reach a decision on your claim within 30 days of its receipt. However, if there are complex issues involved, or if we need additional information, the process may take longer.

WHO IS RESPONSIBLE FOR DAMAGES? Generally speaking, PG&E is responsible for damages that result from its negligence. If any person, business or property is damaged because PG&E does something unreasonable, or because we unreasonably fail to do something that should have been done, then we are obligated to reimburse reasonable damages. We are not responsible for damages that we do not cause or that are the result of forces beyond our control. For example, in most instances we are not responsible for power outages or voltage fluctuations caused by earthquakes, weather conditions (such as lightning, floods, heavy storms, extreme heat or winds) curtailments or outages initiated at the direction of any electric grid operator or due to a failure of gas supplies not caused by us. There may be situations in which PG&E is only partially responsible for a loss. In those cases we will offer to pay our fair share.

WHAT IS YOUR RESPONSIBILITY? You have a duty to mitigate your damages, which means that you have to minimize the loss, and to make sure that losses or expenses incurred because of an incident are not accumulating needlessly and that they are reasonable in relation to the loss.

WHAT DO YOU NEED TO PROVIDE? You should retain copies of all receipts so you can provide full and accurate documentation of your losses or damages. You can help us expedite your claim by completing the claim form as thoroughly as possible, and by enclosing appropriate photographs and supporting documentation. Below are general examples.

Property Damage	Personal Injury*	Lost Wages	Business Losses	Miscellaneous Losses	Food Spoilage**
Detailed repair estimates	Date of Birth	Amount of time off	Tax records	Hotel receipts	Itemized purchase receipts
Detailed repair invoices	Gender	Employer's verification	Bank statements	Restaurant receipts	Itemized list of cost and type of food
Purchase receipts	Treatment bills	Payroll stubs	Payroll records	Car rental receipts	List to identify if items were frozen or refrigerated
Appraisals	*Treatment records		Revenue statements		Photographs
Photographs	Prescription receipts		Expense statements		
Rental receipts			Sales Receipts		

*For personal injury losses, be prepared to provide your Social Security Number and to approve PG&E's request for records from your medical provider(s).

**Food spoilage claims are evaluated based on the recommended guidelines from the US Department of Agriculture:

1. A fully stocked freezer will usually keep food frozen for 2 days after losing power, if the door remains closed.
2. A half-full freezer will usually keep food frozen about 1 day, if the door remains closed.
3. Food will usually stay cold in the refrigerator up to 4 hours, if the door remains closed.

WHAT ARE YOUR CLAIM OPTIONS? You may wish to refer your claim to your insurance company, which may be able to reimburse you without an investigation and, depending on your coverage, may pay replacement values for damaged items. Your insurance company will seek reimbursement from PG&E.

WHAT IF YOUR CLAIM IS DENIED? If your claim is denied, we will send a letter explaining the reason. It may be because of a gas or electric rule that applies to your situation. These rules are on file with the California Public Utilities Commission (CPUC). They have the same effect as other laws. If you are not satisfied with our decision and explanation, you have the right to file a court action, including a small claims action. The small claims court hears matters not exceeding \$7,500. The small claims process does not involve attorneys.

IS THERE A TIME LIMIT ON FILING A CLAIM OR A COURT ACTION? It is always best to submit a claim as soon as possible. PG&E is guided by claims experience and applicable time limits for filing legal actions, if the claim is denied. Our experience indicates that food spoilage and similar claims should be made promptly, and, therefore, such claims will only be paid if they are submitted and resolved within one year from the date of the incident. If you wish to file a court action, there are various time limits set by California law. Generally, these are: personal injury, 2 years from the date of the injury; personal inconvenience (such as a meal out), 1 year; business interruption or economic loss with no property damage, 2 years; tangible property damage, 3 years. If you have questions regarding these limits, you should consult an attorney.

WHAT IS THE ROLE OF THE CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC)? The CPUC sets general rules relating to claims process, but it does not rule on the underlying merits of a claim. If you have a billing dispute that you are unable to resolve with PG&E personnel, the appropriate remedy is to file a complaint with the CPUC. For further information about the role of the CPUC, you can call 800-649-7570 or visit its website at www.cpuc.ca.gov.

DETAILED REPROT. INCIDENT #17956

Wildland fire, 615 New York Ranch Rd. Jackson Ca.

June 24, 2017

Report prepared by Dep. Chief Dale Fishback, 6301

On June 24, 2017 at 14:40 Jackson Fire Department was dispatched to a reported to a reported wildland fire across the street from 615 New York ranch Rd. Jackson fire Department responded with Deputy Chief 6301 and Engine 6333 Staffed with one captain one firefighter and one probationary firefighter. A full automatic aid wildland response was issued through the ECC including Air and ground units from Cal Fire as well as equipment from AFPD and the City of Lone Fire Department.

Chief 6301 was the first to arrive on scene at 14:47 giving the initial report of approximately one acre of grass at a moderate rate of spread with one structure immediately threatened. The fire was on the eastern side of New York ranch road moving slightly up hill from the road and was already burning around a large barn approximately 250 feet from the road. Cal Fire Battalion Chief 2714 arrived on scene directly behind C6301 at 14:48. Face to face communication was made between C6301 and B2714 and due to the larger wildland threat incident command was passed to B2714. B2714's initial report was given as 1-2 acres at a moderate rate of spread and continue all responding units. C6301 proceeded south on New York Ranch approximately 100 yards in search of access into the fire through a gate at a residence to get a closer look at the situation around the barn and make access for incoming units. Once access was made through a locked gate C6301 was able to make it to the barn and reported that the structure was involved and requested the next in engine to his location to attempt a stop on the barn. E6333 arrived on scene at 14:50 and was assigned to the structure. E6333 made an initial attempt to contain the fire in the structure using there tank water and a master stream attack. The effort made a slight impact but fell short and by the time they were able to obtain a water source to the engine the fire had spread throughout the structure. At 14:57 B2714 reported to the command center that fire was now 3-4 acers with 1 fully involved bard. At 15:02 the forward rate of spread of the fire was reported as stopped with a continued threat of spotting until the barn was mitigated. Due to the intense heat crews were unable to get close enough to make any type of an effective effort on the barn. At 15:07 the structure succumbed to the fire and collapsed to the ground. After cooling the structure site with bucket drops from copter 404 crews were able to get in and mop up the rest of the structure. Not further spotting occurred and the fire was declared contained at 15:39. Units remained on scene mopping up until 17:09. The fire was checked every 2 hours through the night with no further flare ups found.

The wildland fire was contained to approximately 4 acres of open grass with minimum spotting. The extension to the approximately 50x60 wood construction barn resulted in a total loss of the structure and any contents. An investigation of the estimated site of the fire's origin at the road side was carried out but no evidence was found relating to an ignition source. The fire's origin is undetermined.

State of California CAL FIRE LE-66a (REV.10-2013)	Wildland Fire Investigation	Incident Number Incident Date	17CAAEU017956 Jun 24, 2017
<p align="center">NARRATIVE Details of the Investigation.</p>			
<p>On Saturday June 24 2017 , I was assigned as the company officer on E-2754 at Sutter hill station 80. at 14:40 the Emergency command center (ECC) for CAL FIRE in Camino received a report of a vegetation fire at 615 New York ranch rd. in Jackson city CA. The ECC initiated a response. My crew and I responded on E-2754. Arriving at scene I noticed @ 3 acres of grass burning along New York ranch rd., and backing down hill into a drainage on the north end of the fire. On the south end of the fire I noticed the fire making an up hill run toward a structure (hay barn). E-2754 was assigned to B-6301 (structure group), and instructed to hold the fire east of the structure. After collapse of the structure and extinguishment of its contents, E-2754 mapped the fires perimeter to be 4.3 acres. B-2714 traced the burn indicators back to a power pole with a below grade transformer at its base. Talking with a PG&E employee at scene he believed the fire had started in the below grade box. There did not appear to be any other causes for the fires start or evidence of ignition devices. The cause of the fire was determined to be from an electrical malfunction of the equipment belonging to PG&E.</p>
